#275　4th Nurse Teleconference　　2011.9.27.

【Event】

4th Nurse Teleconference

【Date】2011.9.27

【Venue】Kyushu University Hospital (Japan),
National University of Singapore (Singapore)

【Comments】

We exchanged information on endoscopy.

In Singapore, there are 6 examination rooms and 32 nurses, and 3 nurses take care for 1 patient during exam. Ninety-nine percent of patients take sedation but there is no anesthesiologist. Nurses do injections and patients drink 4 litter of liquid medication for colon endoscopy.

Participating nurses with doctors in Kyushu Univ.
