#370　The 5th Student Teleconference　　2013.5.14.

【Event】
The 5th Student Teleconference

【Date】2013.5.14.

【Venue】
Kyushu University Hospital (Japan),

1) Telemedicine Development Center of Asia
2) Endoscopy conference room

Kawasaki Medical School Hospital (Japan)

【Comments】
Case presentations were made by medical students both from Kyushu University and Kawasaki Medical University. This was a class where medical applications of advanced technologies were introduced and telemedicine was the focus this time. The teleconference was a fresh experience for the students and the professional comments by Dr. Masutani were quite helpful to fully understand the diagnoses.

Monitor shows three participating sites.
