

# 67<sup>th</sup> Myanmar Medical Conference

## Virtual Online Conference

### Second Announcement

"Transforming Health Care Strategies to address the needs of the Covid 19 Pandemic"

The organizing committee is cordially inviting you to participate in the 67<sup>th</sup> Myanmar Medical Conference which will be held from 23<sup>rd</sup> to 25<sup>th</sup> January 2021 as a virtual conference.

#### Platform

You will be able to enjoy this new exciting experience - where all activities will be conducted on the Event Extra virtual platform, managed by the Myanmar Event Management Company.

#### Academic Activities

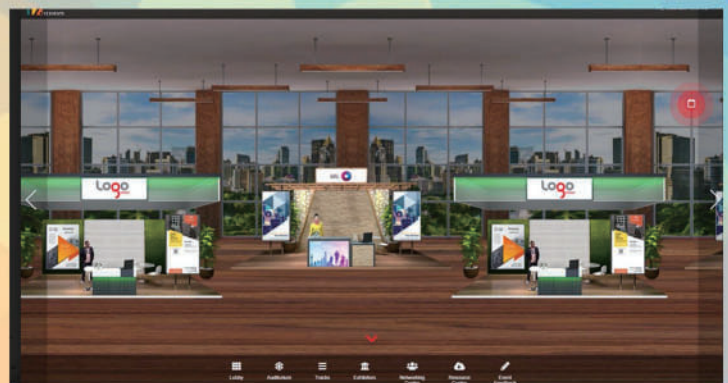

Every day will start with a Plenary Lecture where keynote speakers will share and discuss topics of highest interest. Experts from 38 Speciality Societies will be participating in 45 scientific symposia.

These live presentations will include interactive Q & A sessions, during which the audience will have a chance to directly ask questions to the speakers. Medical researchers will also be presenting 34 scientific papers and 33 posters. For those more interested in clinical subjects - 4 hours of clinical sessions and a clinicopathological conference (CPC) will be the highlights of this event. Academic presentations will be made available online for 6 months after the conference for all registered participants.

#### Medical Exhibition Booths

There will be a chance for participants to visit virtual medical booths.

Set up by various pharmaceutical companies, they are places to receive information on new products and participants can also enquire for more information through chat box and other interactive activities.

**For respective activities and purposes - please contact**
