### If you found any problems in teleconference, please write any comments you may have.

(10 件の回答)

We have trouble with my microphone, so it was difficult to joint the discussion, giving an opinion, but we still could joint the streaming.

We have trouble with my microphone, so it was difficult to joint the discussion, giving an opinion, but we still could joint the streaming.

need much lesson to handle the Room

not Problems

Some noise from Udayana University

Our microphone was muting

I hope all center prepare on time so we don't have to start the discussion late.

Time allocation

some site just video off, is very difficult to see how is speech in teleconference, over all is good...

There is noise during teleconference
