Feel free to write any comments you may have.

- It seems strange, but sound level from Kyushu University was much lower than from Tokyo and Russian institutions. Maybe it was only our prob.
- The format of the conference was very interesting. We have extremely positive feedback from our colleagues participated in the conference.
- It was very useful and successful!
- It was clearly harmoniously and interestingly.
- This conference was very informative. We discussed interesting clinical cases, got important comments from leading endoscopists, pathologist.
- The presentation slides got blinked. And the presentation audio wasn’t clear. That should be improved.
