8. Feel free to write any comments you may have.

- There was some echo. And comments on the need for better image quality for further and deeper discussion.
- Big thanks to all Team! Conference was very interesting, live, and practice-orientated! It was a unique opportunity to take comments from highest experts about important questions. Will wait for the next!
- Very interesting cases
- Unfortunately, this time the quality of the sound and video was not the best quality. At future conferences it is possible to conduct tests with all participants simultaneously. To see the quality of video and sound in operation.
- It would be nice if we were in time. Maybe less questions to all the participants can help in this point.
- Good conference with interesting reports and discussions!
- Everything were OK, many thanks to organisers and participants!
- It was very interesting program. There was very important for us. But we meet some problems with sound. Some comments we were not distinguishable.
