【Event】
The 19th Peking Early Gastric Cancer Teleconference

【Date】2016.01.13

【Venue】
Kyushu University Hospital (Japan),
Peking Union Medical College Hospital (China),
Fudan University Zhongshan Hospital (China),
Juntendo University (Japan),
Nanfang Hospital, Southern Medical University (China)

【Comments】
We carried out teleconference between 4 Chinese hospitals and Kyushu University. There was no technical problem. 5 cases were presented, and there were many scenes where Japan and Chinese meanings of the pathological diagnostic terms showed discrepancy. This conference was wonderful with interactive discussions between the stations.

Dr. Yao makes a comment from Kyushu U Hosp.

Monitor shows 5 sites.

A presented slide of endoscopic images.

Discussion about pathology using tele-pointer.

Teleconference view at Fudan U Zhongshan Hosp.

Teleconference view at Juntendo University.
