

<p>【Event】 Live Endoscopy between Oita University and Vietnam</p>	<p>【Comments】 Live demonstration was broadcasted from 3 institutes. ERCP with sphincterotomy and esophageal stent placement were performed in 2 institutes in Hanoi, while Oita University demonstrated endoscopic submucosal dissection (ESD) for early gastric cancer. Quality of images and movies was quite good and there were many questions and comments from discussants. The session was a great success.</p>
