

MEETING TELEMEDICINA

CONGRESO CHILENA DE GASTROENTEROLOGÍA

Dr. Gustavo Bresky

Gastroenterólogo

Richard Pallero

Unidad de Computación y sistemas

UNIVERSIDAD CATÓLICA DEL NORTE

Telemedical activities and videoconferences

- PRENEC clinical meetings
- CLASSES AND STUDENT SEMINARS
- VIDEOCONFERENCES with ANTOFAGASTA

Characteristics

- Videoconferences with image transmission (video camera + audio) + ppt transmission
- No experience with real time streaming videos (endoscopies or surgeries for example)

Difficulties

- Sometimes unstable systems with choppy videos.
- PRENEC requires MINSAL network, which generates logistical difficulties in ours hospitals

Universidad Católica del Norte

COQUIMBO
