

Telemedicine Progress in Universitas Sriwijaya

Andika Okparasta, MD

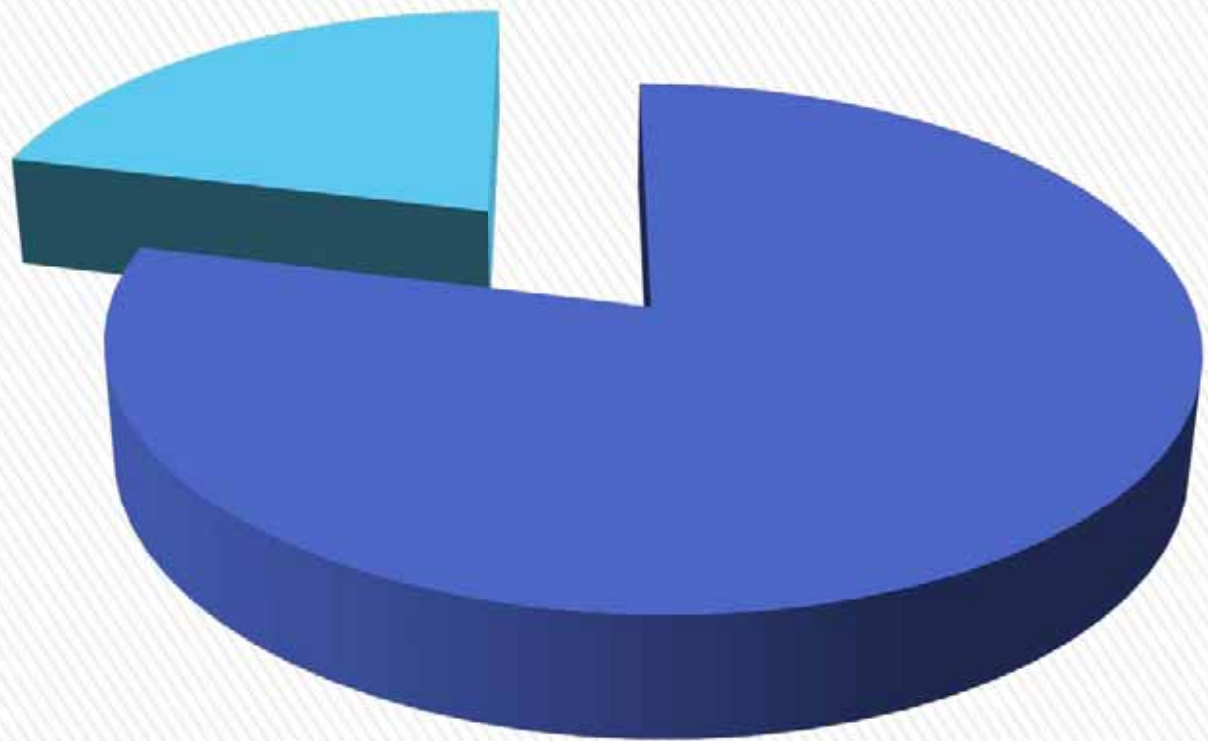

Neurology Departement of Universitas Sriwijaya
Mohammad Hoesin General Hospital, Palembang

- » Join the program in June 2017 (3rd teleconference)
- » June 2018 : 14th teleconference
- » Absent one times due to internet connectivity problem
- » Fully doing activity in Universitas Sriwijaya
- » 2 case report

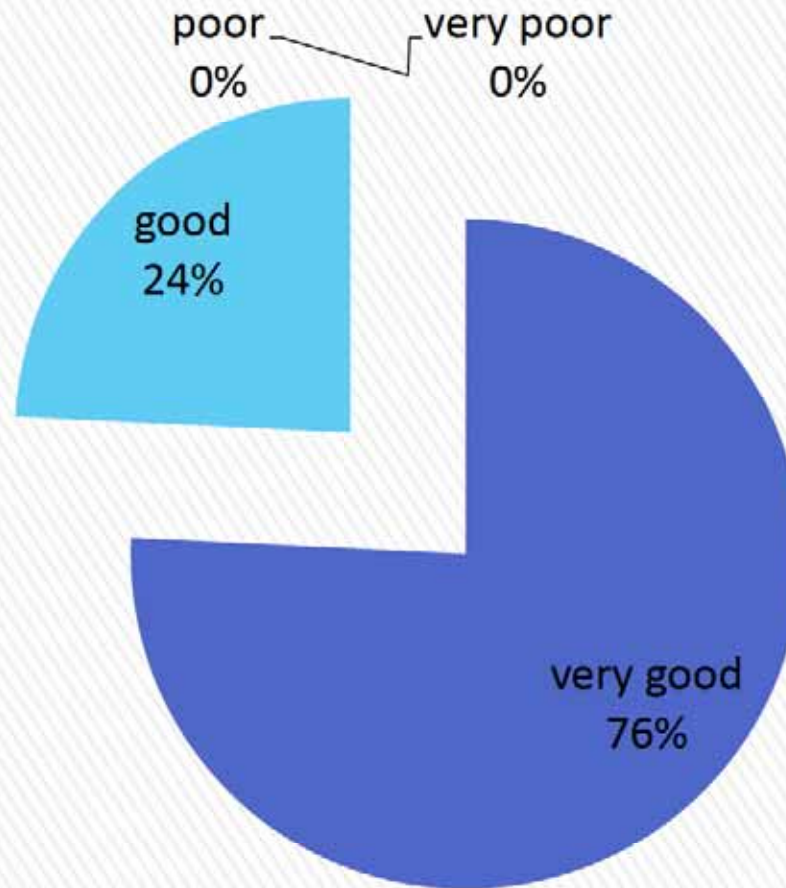

■ resident (n=26) ■ staff (n=7)

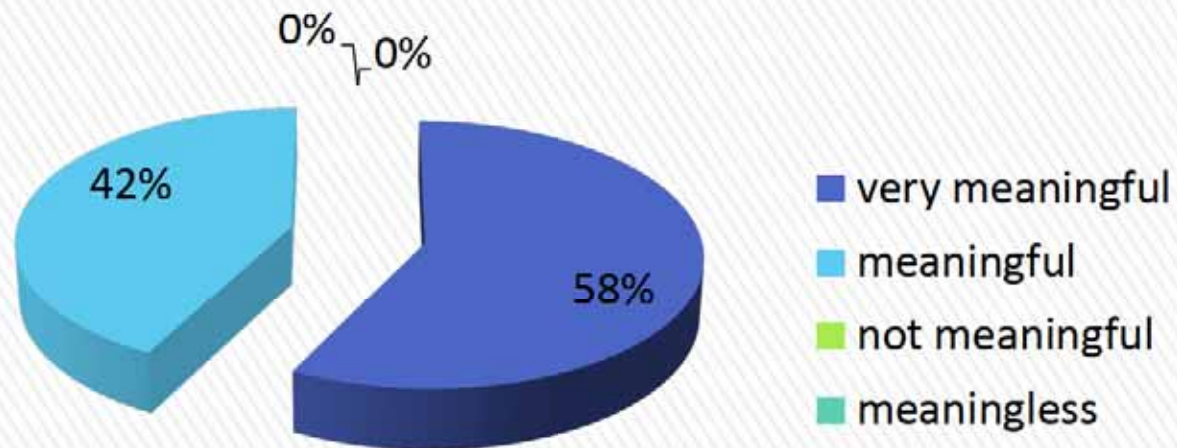

Survey

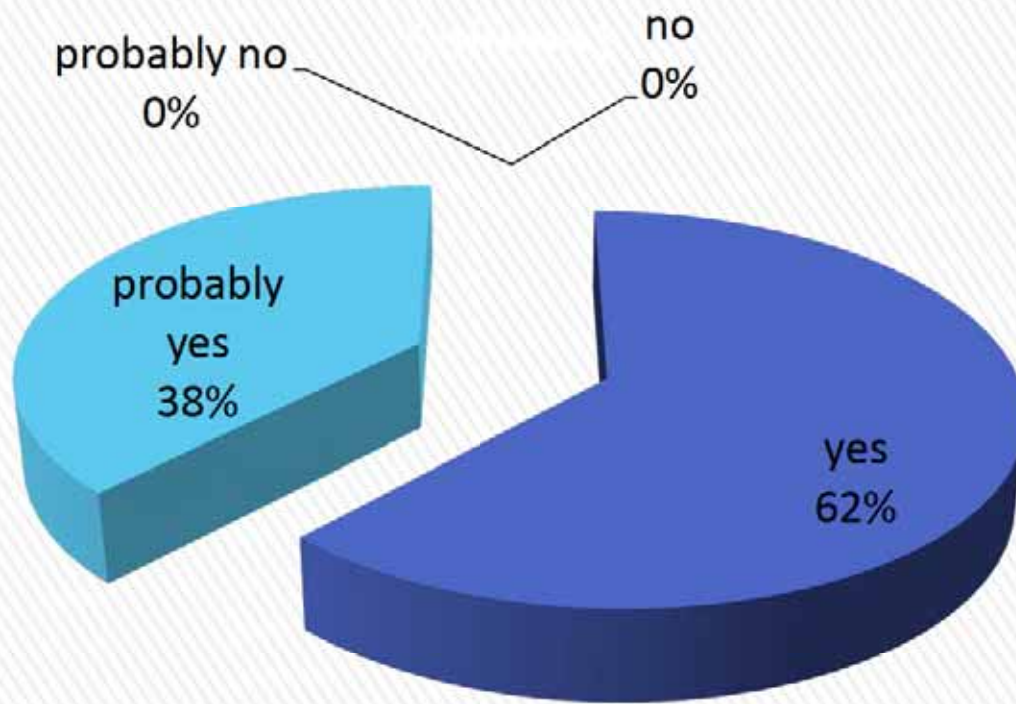

» How about this program?

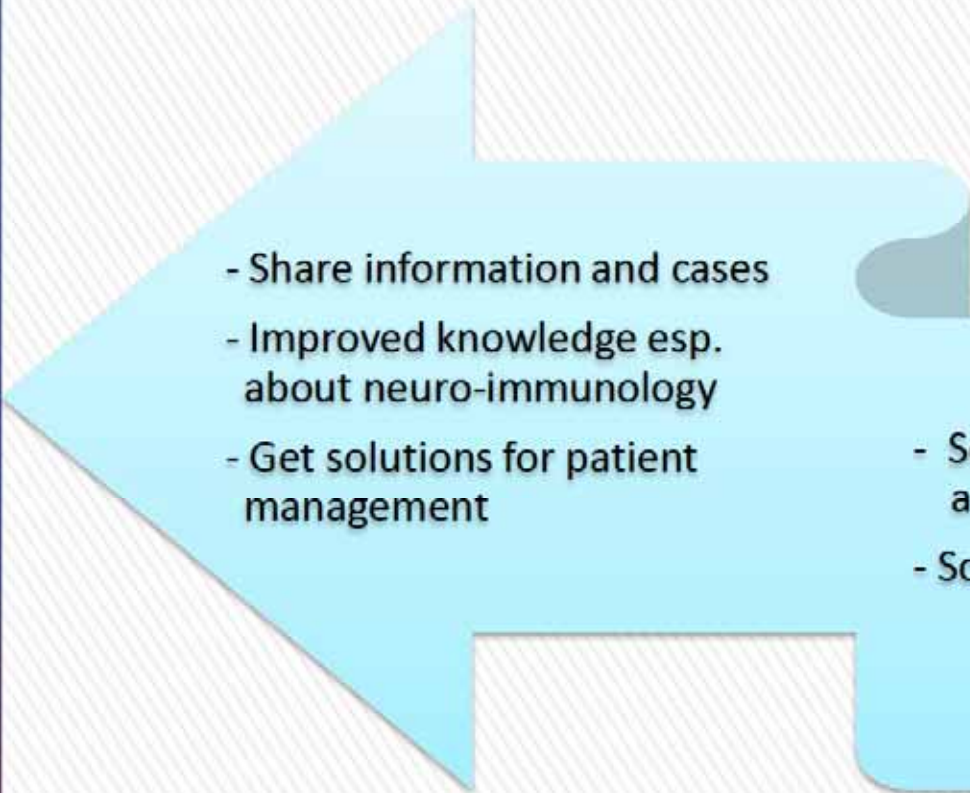

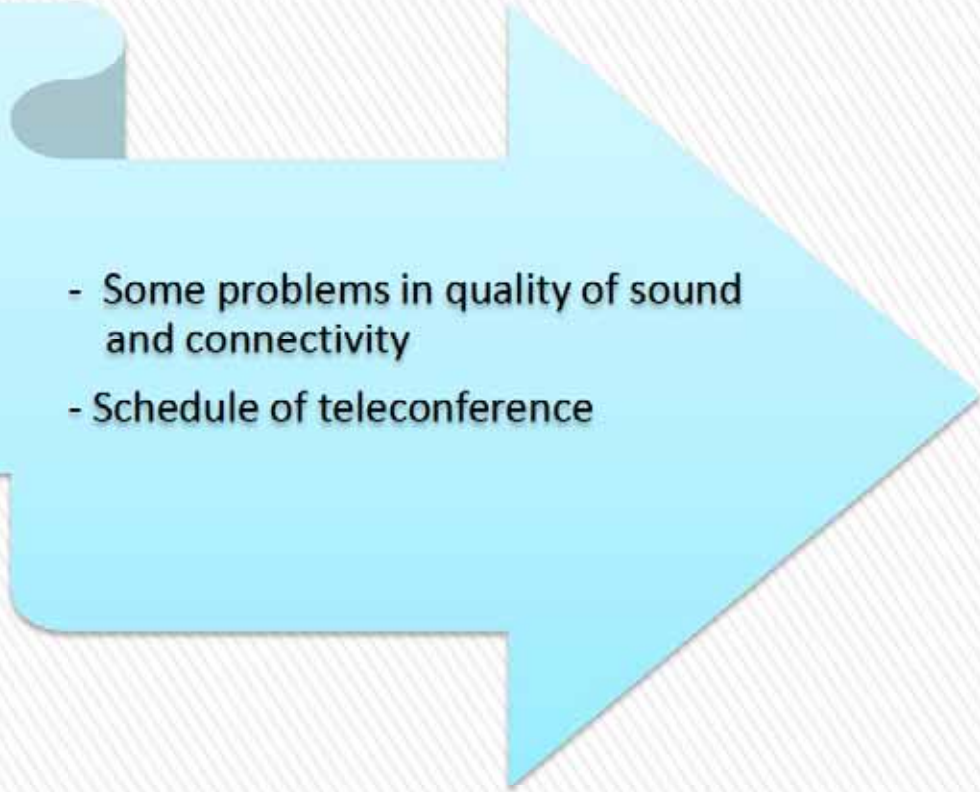

>> Was this program meaningful?

» Will you attend another teleconference session next time?

- 
- Share information and cases
 - Improved knowledge esp. about neuro-immunology
 - Get solutions for patient management

- 
- Some problems in quality of sound and connectivity
 - Schedule of teleconference

Hope..

- » This program must be continued and more frequently
- » Expansion to other neurology division and department

THANK YOU
