Tokyo International Endoscopy Live (commonly known as Tokyo Live) was held completely on the web because of COVID19 pandemic. The endoscopy live had 20 sessions with pre-recorded live clinical videos and the other 22 lecture sessions. A total of 1855 participants from 85 countries joined us from Europe, American continent, and Asian counties. Tokyo Live would like to express our sincere thanks and appreciation to TEMDEC for showing us the new direction and possibilities of endoscopy live.
