

【 Connecting institutions 】

Kyushu University, Ito Campus (Japan),  
Embassy of the Republic of Indonesia in Japan (Japan)

【 Comments 】

This symposium aims to strengthen the partnership between Indonesia and Kyushu University through cultural and memorial exchanges. This hybrid event (onsite and online) was successfully held with support from TEMDEC. There was no significant problem during the event. However, the sound quality of the live streaming of musical performances should be improved in the future.

Greetings from President Ishibashi
