Osaka International Cancer Institute (Japan),
Chinese University of Hong Kong Prince of Wales Hospital
(Hong Kong)

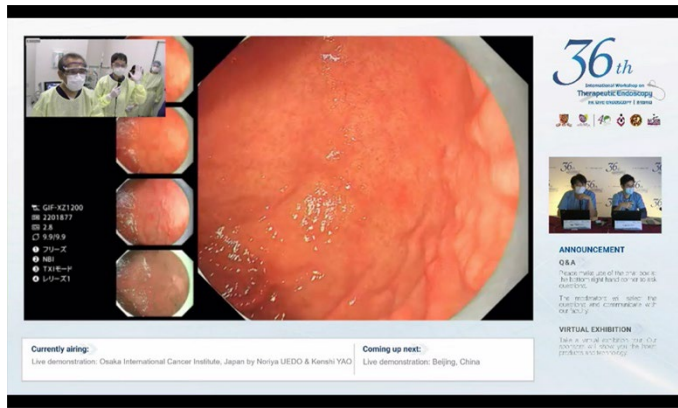

【 Comments 】

One of the world's longest running live endoscopy workshops, was held virtually. The entire program lasted two days with 1036 attendees from 43 countries, including lectures and live demonstrations from Hong Kong, Korea, China (Beijing), India, Germany, Italy and Japan (Osaka). From Osaka International Cancer Institute, we demonstrated endoscopic diagnosis and ESD for gastric cancer.

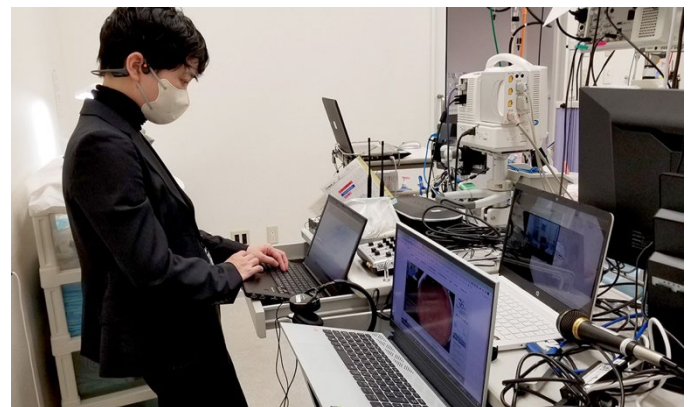

Dr. Takeuchi (lt.) and Dr. Yip (rt.) as chairs
