<p>Kyushu University, Ohashi Campus (Japan), Kyushu University Hospital (Japan)</p>	<p>This year, Department of Pediatric Surgery, Department of Health Sciences, and Medical Information Center participated, presenting issues related to waiting space for pediatric surgery and maternal education in Bangladesh. Eleven students from the graduate school of design participated, specializing in various fields such as product, environment, and computer graphics. We are looking forward to this year's progress.</p>
