<p>Kyushu U H (Japan), Clinica Alemana (Chile), National Cancer Institute of Chile (Chile), U of Costa Rica (Costa Rica), Gastro Clinica, Costa Rica (Costa Rica), U Javeriana Bogota (Colombia), Pablo Tobon Uribe H (Colombia), The National Institute of Medical Sciences and Nutrition (Mexico), H Sharp Mazatlan (Mexico), Centro Mexicano de Enfermedades Digestivas, Garcia Gineres office (Mexico), U of Sao Paulo, Sao Paulo (Brazil) and 17 of others</p>	<p>Kindai Univ. presented a case of enteropathy-associated T-cell lymphoma, and OICI presented a case of duodenal gastric-type adenoma. Hot discussions and detailed explanations were provided based on beautiful endoscopic photos and pathological images analyzed in detail. The contents of the discussion were more advanced and active than in the past, indicating that the quality of this conference has dramatically progressed.</p>
