The 35th Annual Meeting of the Japanese Society for Adolescent Psychiatry was held at the Kyushu University Campus and online as a hybrid event, featuring lectures, symposiums, workshops, and general presentations under the theme of "Creating 'Ibashi (comfortable places of stay)' for Contemporary Youth". Over 300 participants gathered onsite and online to engage in discussions on the merits & demerits of ICT, including the rise of virtual "ibashi", as well as new psychopathologies due to ICT.
