

【 Connecting institutions 】

Mongolia-Japan Hospital (Mongolia),
Kyushu University Hospital (Japan)

【 Comments 】

At the Mongolia Japan Hospital, Dr. Masafumi Nakamura, Director of Kyushu University Hospital, gave a lecture on the surgical treatment for pancreatic cancer, and Professor Eishi Baba gave a lecture on chemotherapy for gastric cancer. Both lectures were streamed online and attended by many Mongolian doctors. There was a lively Q&A session, and the first Japan-Mongolia Webinar of the year was a great success.
