Galle Face Hotel (Sri Lanka), Mahidol University Siriraj Hospital (Thailand), Prince of Songkla University (Thailand), Anandamahidol Hospital, Lopburi (Thailand), Rajavithi Hospital (Thailand), National Cancer Institute of Thailand (Thailand), Kyushu University Hospital (Japan), Siloam Hospitals Denpasar (Indonesia), Mahidol University Ramathibodi Hospital (Thailand), Tan Tock Seng Hospital (Singapore)

This conference saw a remarkable turnout, with a presenter and experts from various Minimally Invasive Surgery (MIS) sites sharing their insightful knowledge and experiences. Siriraj MIS Fellows also have an excellent opportunity to exchange and discuss ideas and challenges in enhancing patient safety efficiency. We would like to express our gratitude to all the MIS surgeons and engineering teams for their invaluable contributions to the event. We hope to meet you again soon.
