| <p>Galle Face Hotel (Sri Lanka), Kathmandu Model H (Nepal), Nepal Research and Education Network(NREN) (Nepal), Ateneo De Manila University (Philippines), Kyushu U H (Japan), Curdictor Information Service Corp (Taiwan), Bill & Melinda Gates Foundation, India Country Office (India), Nepal National Innovation Center (Nepal), Valley Health Urgent Care, Jubal Early Drive (United States), Center for Rural Healthcare and Telemedicine (pfect NEPAL), Myagdi (Nepal)</p> | <p>"Digitization in Rural Health Care, Dream or Reality?" The theme seemed to be exciting for all presenters and participants. All the speakers had a very influential talk. It was a very interactive session. The timing, network connections, technical support, sound etc. was perfect. Because of the active interaction and interest of the participants, discussions were continued beyond the time limit. Different aspects of digitization in rural health care were presented by the expert and possibility of cooperation beyond this session was expected.</p> |
