Methodology...

- **Study population:** Undergraduate and postgraduate medical students of Mymensingh Medical College, Bangladesh.
- **Sample size:** The sample size for the study was calculated online by "Raosoft sample size calculator". Considering 5% acceptable margin of error at 95% confidence interval and 50% response distribution from a total of 1655 medical students, calculated minimum total sample size was 312- undergraduate students 218 and postgraduate students 94.
