Grand Hyatt Hong Kong (Hong Kong), Kyushu University Hospital (Japan), Jeonbuk National University (Korea, Republic of)	This session was held for a medical researcher who submitted the abstract to MWG as a single presenter. A Bangladeshi researcher affiliated with a Korean university presented the latest research on Alzheimer's disease using in vitro brain organoids and in vivo animal models. It is hoped that sessions presenting such basic research will be held regularly at MWG in the future.
