The 60th APAN Meeting -ECE (The 33rd Endoscopy Club E-conference)

【 Connecting institutions 】	【 Comments 】
Grand Hyatt Hong Kong (Hong Kong), Chulalongkorn University (Thailand), Thai Red Cross Society (Thailand), Kyushu University Hospital (Japan), ASAN medical center (Korea, Republic of), Yaroslavl Regional Cancer Hospital (Russian Federation), Osaka International Cancer Institute (Japan), University of Malaya (Malaysia), Maharat Nakhon Ratchasima Hospital (Thailand)	The 33rd ECE meeting (in conjunction with the 60th APAN meeting) has connected numerous members from around the globe. The theme of the meeting, "What's New in Endohepatology" which focused on the novel endoscopic modalities, along with AI frontiers in endohepatology. The meeting was productive and well received with lively discussion. Additional advertisement and pre-event registration among APAN network members would be helpful to increase the attendance next time.
