Grand Hyatt Hong Kong (Hong Kong), St. Luke's Medical Center Quezon City (Philippines), Philippine Association of Laparoscopic and Endoscopic Surgeons (Philippines), Kyushu University Hospital (Japan), Baguio General Hospital and Medical Center (Philippines), Medical Center Manila (Philippines)	The Philippine Association of Laparoscopic and Endoscopic Surgeons (PALES) once again successfully conducted the teleconference on Discussion In Surgical Strategies and Ever-changing Technologies (DISSECT), focusing on applications of MIS in Oncologic cases. The comprehensive discussions, exchange of ideas, and experts' insights made the event a high-yield learning experience for all the participants. The video presentations of laparoscopic procedures were clearly shown and made the presentation very interesting to watch.
