The 19th EUS-Asia Teleconference

【 Connecting institutions 】	【 Comments 】
Kyushu University Hospital (Japan), University of Malaya (Malaysia), Cho Ray Hospital (Vietnam), Taipei Medical University Shuang Ho Hospital (Taiwan)	The 19th EUS-Asia teleconference was held on Sep 9, 2025. We discussed cases who underwent interventional EUS or EUS-TA and reviewed the progress of ongoing international multi-center collaborative study with leading centers from various Asian countries. There is currently a lack of international consensus regarding EUS-TA for pancreatic cysts. However, this meeting facilitated knowledge sharing and identified the issues that must be resolved moving forward.
