Symposium of Research Center for Nursing Innovation and Implementation, Kyusyu University (RCNII) FY2025

【 Connecting institutions 】	【 Comments 】
Department of Health Sciences, Faculty of Medical Sciences Kyushu University (Japan), Kyushu University Hospital (Japan),	The Research Center for Nursing Innovation and Implementation at Kyushu University held a hybrid symposium, “Strategies and Innovations for Advancing Nursing Implementation,” at the Ain Pharmacy Conference Room. Prof. Eri Mochida (Oita University of Nursing and Health Sciences) delivered a special lecture on embedding evidence into clinical practice. The program also included an overview of the center’s activities, presentations on implementation-focused research by faculty, and a symposium featuring active discussion among presenters.
