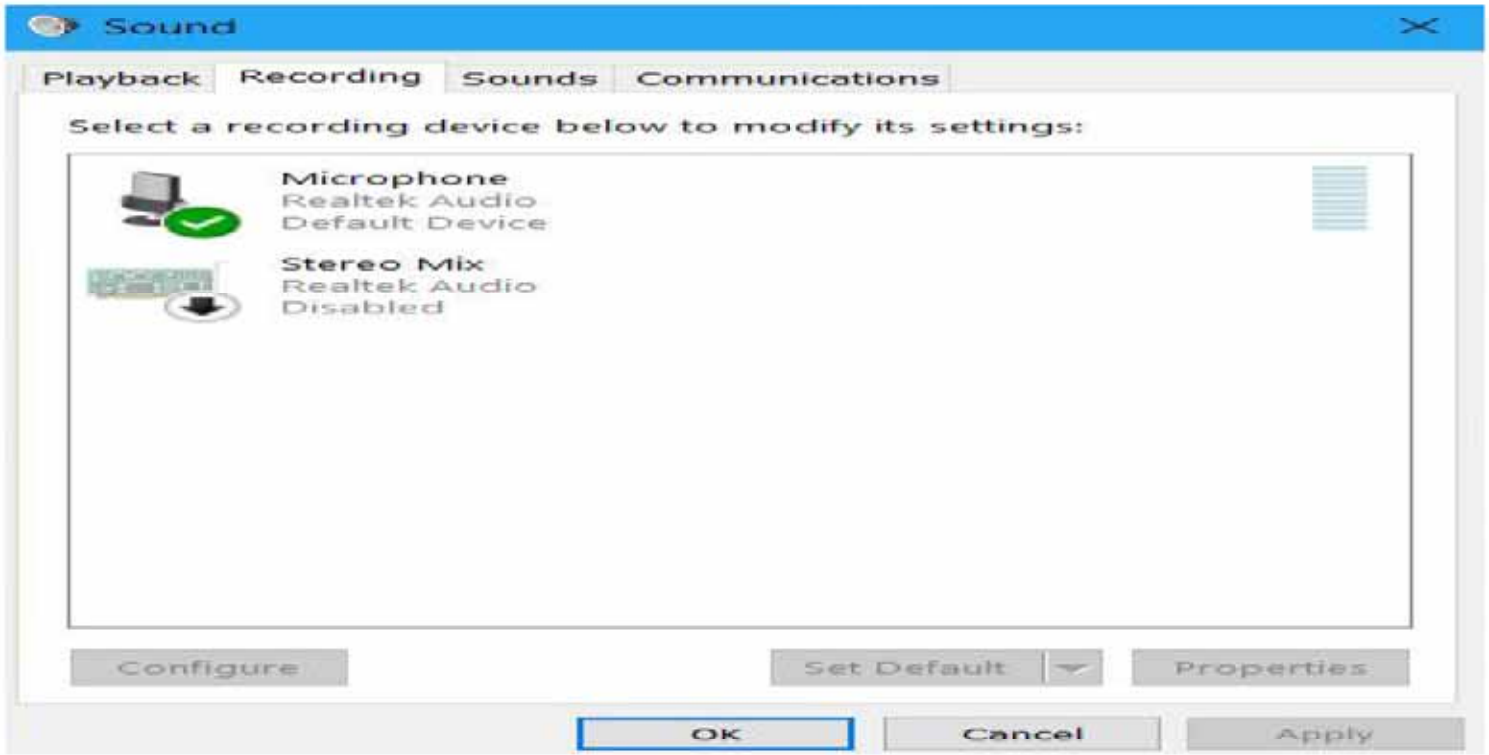
Adjuct Audio

Adjust microphone level from the recording device settings on your PC

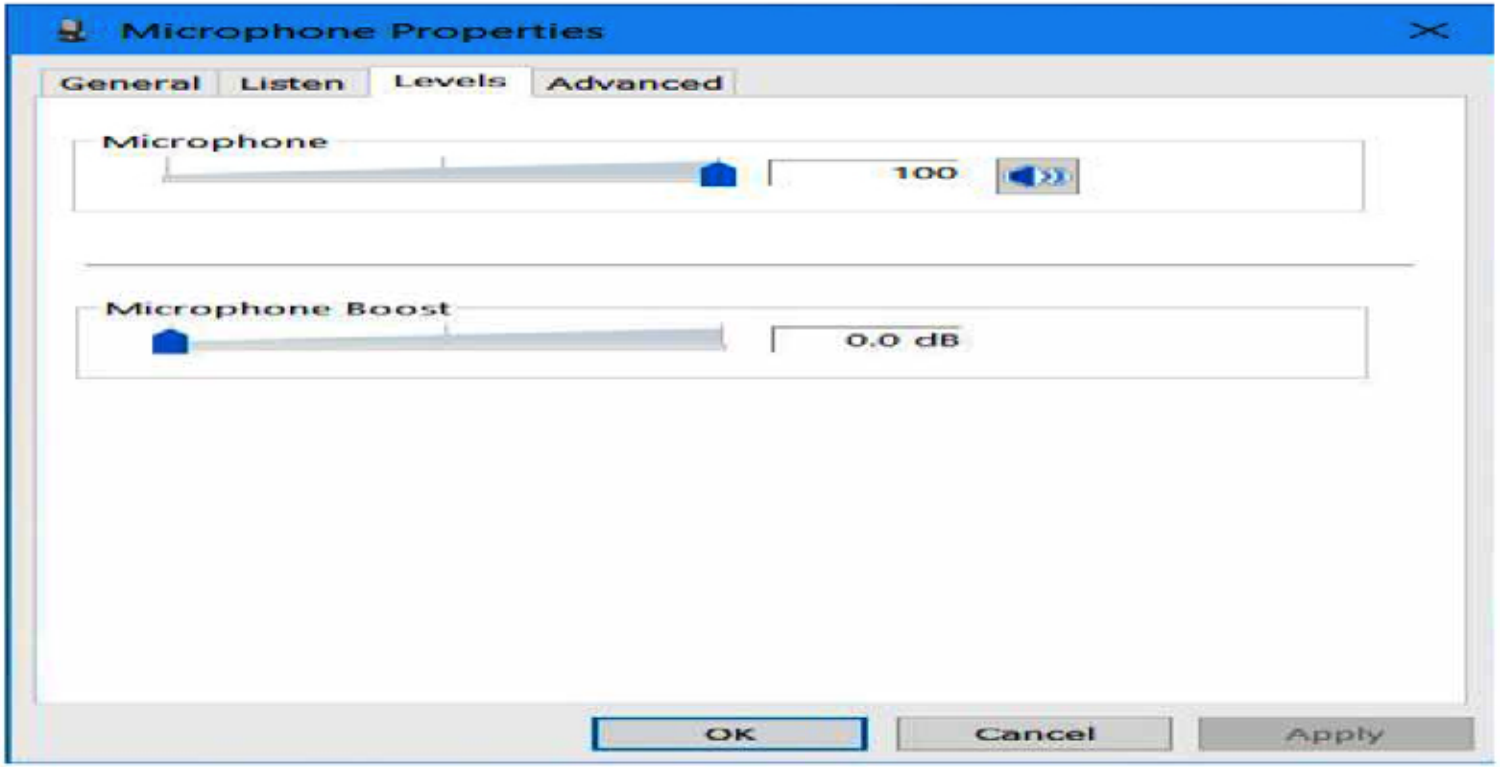
Adjuct Audio

Select the microphone



Adjuct Audio

Select the Levels

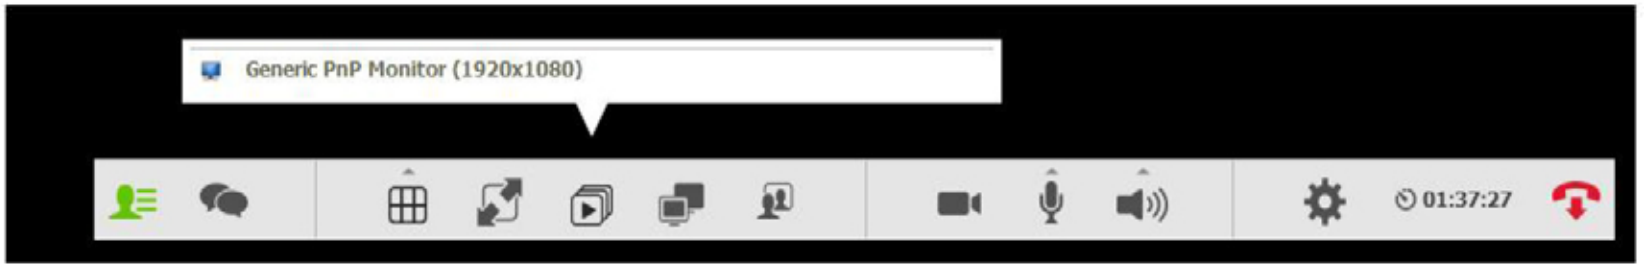


Mute Microphone

- Mute Your microphone when you're not speaking

Start Shareing

- Only one person can share at time



Future Plan

- I have to be applied the experience and practices to my University for the further processing of Tlemedicine conference with Kyushu and also other international organizations and also with other local universities in my country.

UM1 (Conference Room)

Culture Experience

For culture experience we visited some places near Fukuoka and Kyushu area such us (Temples,Castles and public parks).All are very exciting and relaxing for us.

Thank you very much for training program .It is very helpful for my university.

THANK YOU
