# What I learned from Temdec?

Advanced information about system like

Vidyo

H.323

# What I learned from Temdec?

...Advanced information about system like  
Sound Mixture

Video Switch

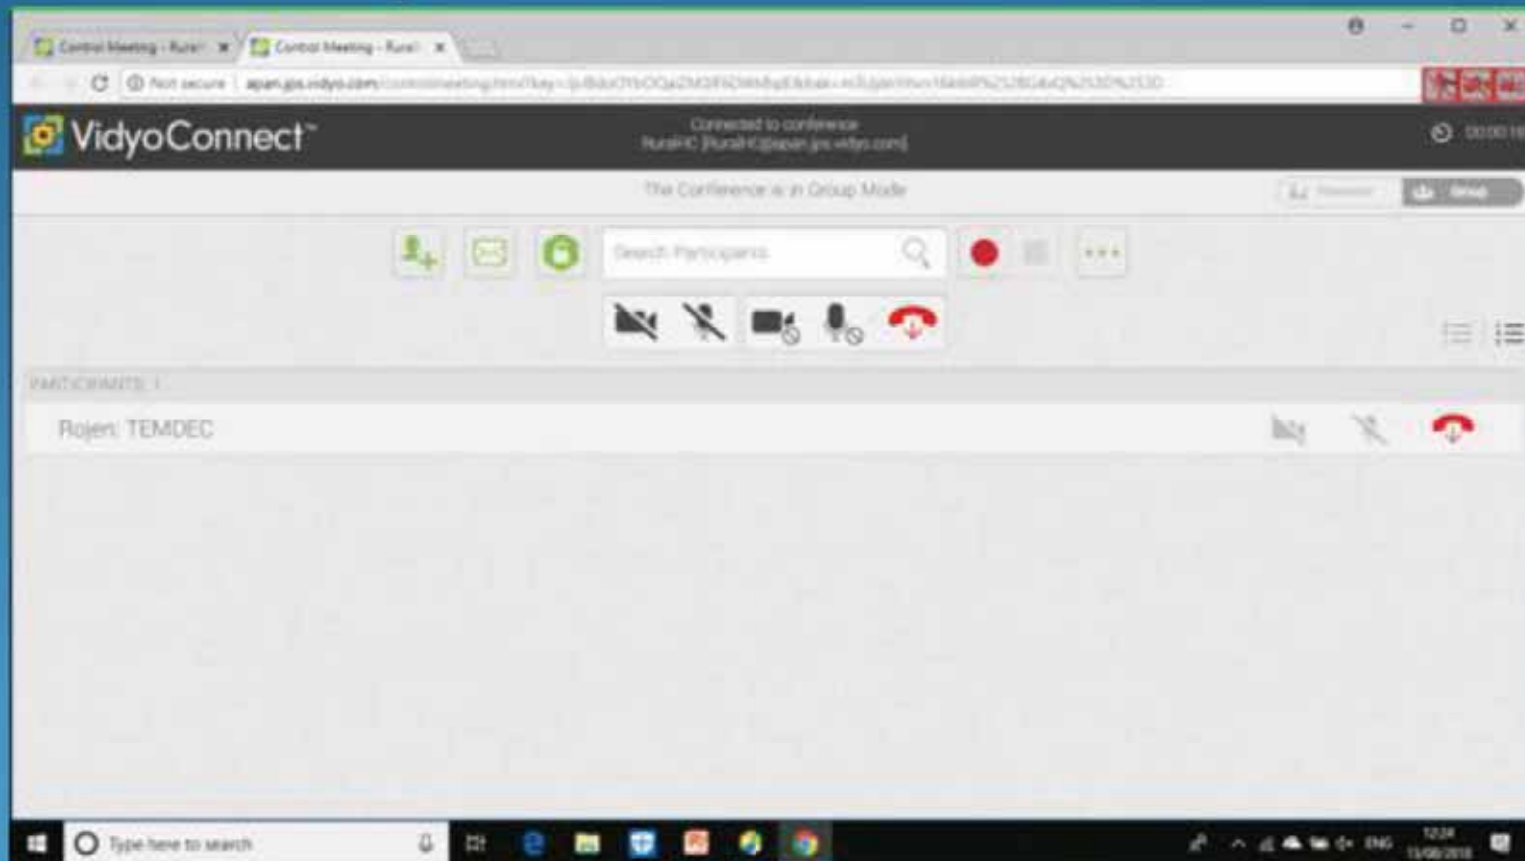

# What I learned from Temdec?

- Process of preparing international conference
- How to control when we have meeting
- Trouble shooting when we have meeting
- Sharing content from temdec
- Control sounds from remote sites

# What I learned from Temdec?

- To control mic and camera when we have meeting from control panel

# What I learned from Temdec?

- Video sharing from join view

The screenshot displays the TEMDEC Video Sharing web application. The browser address bar shows a URL starting with 'https://joinview.med.kyushu-u.ac.jp/joinview/clipList/?kind=project'. The application header includes the TEMDEC logo, the title 'VIDEO SHARING TEMDEC', and user information for 'Rogen Shohi'. A search bar is present with the text 'keyword'. The main content area features a grid of video thumbnails, each with a 'NEW' badge and a title. The thumbnails include 'ambulance/Vietnam', 'NA', 'NA', 'test', 'Test - Gary', 'test 1', 'test 1', 'test', and 'runMC'. A 'LIVE' badge is visible on one of the thumbnails. A sidebar on the left shows a 'Project' menu with 'Project' and 'Preview' options. The footer contains the copyright notice: 'Copyright © 2015 LINEON SYSTEMS CO., LTD. All Rights Reserved.'

# What I learned from Temdec?

- Working culture
- Friendly and polite person
- Professional in work
- Good Coordination in teamwork

# Important for conference

- Mute your microphone
- Use adobe connect for communication with engineers
- Test connection for audio video quality
- Not to forget stop after sharing presentation
